- g. Switch/Splitter

**TOUCHBOARD**  
Australia

TouchBoard Australia started in 2013 by a focussed team with many years of experience in the Audio Visual, Education and Corporate sectors. TouchBoard has become known and respected in the Interactive Flat Panel market.

TouchBoard and TouchBoard Mounting Systems are designed and developed in Australia. Understanding the engineering and technology behind our products has enabled us to provide a tailored solution to meet the Australian market. Having a complete range of Interactive Flat Panels and Mounting Systems provides customers with a reliable one-stop service.

At TouchBoard we will continue to exceed at supporting our range of products and customers across Australia whilst looking for opportunities to deliver new technologies to the market.

TouchBoard is a fully integrated, multi-touch display panel utilising the latest IR sensor technology

Supports:

Windows

ubuntu®

## Features

- Increased collaboration with 6 or 10 simultaneous points of touch interaction
- Super-fast and accurate IR connectivity with no drivers or calibration required
- Commercial HD 1080p panel providing an exceptionally bright and clear image
- Extra-wide viewing angle using anti-glare toughened safety glass
- Built in PC or Android options
- Comprehensive 3 and 5 year onsite warranty plans

## Benefits

- Improved ergonomics through less shadowing and brightness/heat from a traditional projector beams
- Lower running costs resulting from longer life span, lower energy consumable
- Exceptional brightness across the life of the panel. No lamp burnout or image degradation
- Truly mobile and portable between learning spaces

Brightness	350 cd/m2	450 cd/m2	400 cd/m2	350 cd/m2
Panel Type	TFT with LED backlight			
View Angle	Level and vertical 178°			
Touch Technology and Points	Infrared touch sensor using Finger, pen or non-transparent object $\geq \varnothing 5\text{mm}$			
Touch Points	6 points or 10 points option			
Response Time	Single-touch Max 6.5ms, Multi-touch Max 8ms			
Cursor Speed and Accuracy	300 dots/second $\leq \pm 2\text{mm}$			
Communication Interface	USB			
Driver	No Driver Required. Driver available for custom sensitivity adjustments			
Operating System	Windows 7/8, 10, Linux, Mac, Android, Ubuntu			
Touch Screen Surface	4mm 5T Tempered Safety Glass, AntiGlare transmittance: $>92\%$			
Input Display Interface	HDMI x 3, VGA, AV, YPBPR, SVideo			
Input Audio Interface	Input - VGA 3.5mm, AV, 3.5mm, Optical. Output - 3.5mm, Earphone, AV			
Input Voltage	100Vac~240Vac, 50/60Hz, $>1\text{w}$ standby			
Options - OPS Inbuilt PC	i3, i5 or i7 Dual Core 2.1Ghz, DDR3 4Gb, Integrated Intel Graphics, 1TB HDD Wi-Fi,			
External Android and TV Box	Android 5.1 A53 Quad Core 64bit 2ghz, 1080p, RJ45, Wi-Fi			
Options - Sound	TouchBoard Soundbar 2 x 30w			

## INTERACTIVE KIOSK

The TouchBoard Interactive Kiosk provides a more effective way to deliver content than traditional print and signage. The TouchBoard Interactive Kiosk ensures a greater user experience for your customers, clients and colleagues by adding interaction, rich text, visual and audio media content.

Available as freestanding, mobile base with wheels or wall mounted, the Kiosk system system is suitable for installation into exhibition centres, retail outlets, information areas or any location where the goal is to reach a wider audience. Included is an inbuilt PC to simplify installation.

- ✓ Available in 42" and 55" HD Led displays
- ✓ Delivers a greater user experience
- ✓ Freestanding, Mobile Base or Wall Mounting
- ✓ Improve information sharing
- ✓ Fully customisable options including card and barcode reader, printer or trackball
- ✓ Inbuilt i3, i5 or i7 PC

### MOBILE TABLE EASEL SYSTEM

The new TouchBoard Table Easel system is designed to provide complete flexibility in any learning or presentation area.

It allows for use in a vertical position as a normal interactive panel or in a horizontal position as an interactive table with a smaller group of users. The TouchBoard Table Easel is sturdy and robust and easy to manoeuvre between areas. **(Stand only, screen not included)**

Order Code: TBMS-MOB-TE

- ✓ Designed to provide complete flexibility in any learning/presentation area
- ✓ 180 degree tilt screen
- ✓ Allows for use in vertical position as normal interactive panel
- ✓ Flexible horizontal positioning ideal for use as interactive table
- ✓ Sturdy and robust
- ✓ Easy to manoeuvre between areas
- ✓ Support 55" to 70" screen sizes (VESA Mount 400 x 400 and 600 x 400)
- ✓ Integrated power distribution board with surge protection

### MOBILE HEIGHT ADJUSTABLE COLUMN SYSTEM

The TouchBoard Mobile Height Adjustable Column Lift system has all the benefits and flexibility of the TouchBoard Mobile Table Easel system without the added tilt function.

Being mobile it is easily moved between areas and being height adjustable, it caters for differing age groups and needs. Like all TouchBoard products, it is designed to carry the higher weight of modern LED touch panels. **(Stand only, screen not included)**

Order Code: TBMS-MOB-HA-C

- ✓ Designed to handle the weights of heavier LED touch panels
- ✓ Mobile to easily move between areas
- ✓ Height adjustable to cater for differing age groups and needs
- ✓ Integrated power distribution board with surge protection
- ✓ Sturdy and robust
- ✓ Designed and developed in Australia
- ✓ Support 55" to 70" screen sizes (VESA Mount 400 x 400 and 600 x 400)

### MOBILE HEIGHT ADJUSTMENT SYSTEM – ACTUATOR LIFT

The TouchBoard Mobile Height Adjustable System – Actuator Lift is engineered from high tensile steel and rigid aluminium materials and designed to support modern LED touch panels up to 136kg.

Available in motorised, electric height adjustable to provide added flexibility for mixed or shared learning spaces. A central laptop tray and webcam mount are included as standard. Options include a TouchBoard SoundBar. **(Stand only, screen not included)**

Order Code: TBMS-MOB-HA-A

- ✓ Motorised height adjustable
- ✓ Engineered from high tensile steel and rigid aluminium
- ✓ Central laptop tray and webcam mount are a standard inclusion
- ✓ Options include a TouchBoard SoundBar
- ✓ Sturdy and robust to hold weights up to 136kg
- ✓ Full Australian Warranty
- ✓ Supports 55" to 84" screen sizes (VESA Mount 400 x 400 to 900 x 600)
- ✓ Integrated power distribution board with surge protection

### MOBILE FIXED HEIGHT SYSTEM

The TouchBoard Mobile Fixed Height System is engineered from high tensile steel and rigid aluminum materials and designed to support modern LED touch panels up to 136kg.

Available in fixed height, mechanically adjustable to provide added flexibility for mixed or shared learning spaces. A central laptop tray and webcam mount are included as standard. Other options include a lockable AV Cabinet and TouchBoard SoundBar. **(Stand only, screen not included)**

Order Code: TBMS-MOB-FH

- ✓ Designed to handle the weights of heavier LED touch panels
- ✓ Mobile to easily move between areas
- ✓ Height adjustable to cater for differing age groups and needs
- ✓ Ideal for the classroom environment
- ✓ Sturdy and robust
- ✓ Designed and developed in Australia
- ✓ Support 55" - 84" screen sizes (VESA Mount 400 x 400 to 900 x 600)

### WALL MOUNT HEIGHT ADJUSTABLE SYSTEM – ACTUATOR LIFT

The TouchBoard Wall Mount Height Adjustable – Actuator Lift system has strong aluminium extrusions to transfer the load bearing aspects to the floor rather than the wall. This makes it ideal for mounting larger LED touch panels up to 136kg in places where existing walls may not be structurally adequate.

Available in motorised, electric height adjustable to provide added flexibility for mixed or shared learning spaces. A central laptop tray and webcam are included as standard. Options include a TouchBoard SoundBar. **(Stand only, screen not included)**

Order Code: TBMS-WALL-HA-A

- ✓ Motorised height adjustable
- ✓ Strong aluminium extrusions to transfer the load bearing aspects to the floor
- ✓ Central laptop tray and webcam mount are standard inclusion
- ✓ Options include a TouchBoard SoundBar
- ✓ Sturdy and robust to hold weights up to 136kg
- ✓ Full Australian Warranty
- ✓ Supports 55" to 90" screen sizes (VESA Mount 400 x 400 to 900 x 600)
- ✓ Integrated power distribution board with surge protection

### WALL MOUNT FIXED HEIGHT SYSTEM

The TouchBoard Wall Mount Fixed Height System is engineered from high tensile steel and rigid aluminium materials and designed to support modern LED touch panels up to 136kg.

Available in fixed height, mechanically adjustable to provide added flexibility for mixed or shared learning spaces. A central laptop tray and webcam mount are included as standard. Other options include a TouchBoard SoundBar. **(Stand only, screen not included)**

Order Code: TBMS-WALL-FH

- ✓ Available in fixed height, mechanical adjustable
- ✓ Strong aluminium extrusions to transfer the load bearing aspects to the floor
- ✓ Central laptop tray and webcam mount are standard inclusion
- ✓ Soundbar option is available
- ✓ Sturdy and robust to hold weights up to 136kg
- ✓ Full Australian Warranty
- ✓ Supports 55" to 90" screen sizes (VESA Mount 400 x 400 to 900 x 600)
- ✓ Integrated power distribution board with surge protection

### MOBILE DUAL SCREEN SYSTEM

The TouchBoard Dual Screen Fixed Height system is the perfect solution for modern meeting rooms and exhibition centres where dual screens are required. Engineered from high tensile steel and rigid aluminium materials and designed to support 2 x modern LED touch panels up to 136kg.

Available as a mobile solution to provide added flexibility for mixed or shared spaces. A central laptop tray and webcam mount are included as standard. Other options include a TouchBoard SoundBar. **(Stand only, screen not included)**

Order Code: TBMS-MOB-DUAL

- ✓ Designed sturdy and robust and able to handle dual screens
- ✓ Mobile feature to easily move between areas
- ✓ Ideal for the corporate, boardroom or exhibition environments
- ✓ Integrated power distribution board with surge protection
- ✓ Designed and developed in Australia with Full Australian Warranty

### MOBILE DUAL SCREEN SYSTEM WITH CABINET

The TouchBoard Dual Screen with Lockable Cabinet System is the perfect solution for modern meeting rooms and exhibition centers where dual screens are required. Engineered from high tensile steel and rigid aluminum materials and designed to support 2 x modern LED touch panels up to 136kg.

This system works perfect as mobile video conference solution.

A central laptop tray and webcam mount are included as standard. Other options include a TouchBoard SoundBar. **(Stand only, screen not included)**

Order Code: TBMS-MOB-DUAL-CAB

- ✓ Designed sturdy and robust and able to handle dual screens
- ✓ Secure, lockable AV cabinet
- ✓ Ideal for the corporate, boardroom or exhibition environments
- ✓ Integrated power distribution board with surge protection
- ✓ Designed and developed in Australia with Full Australian Warranty

### WALL MOUNT DUAL SCREEN SYSTEM

The TouchBoard Wall Mount Dual Screen System is the perfect solution for modern meeting rooms and exhibition centres where dual screens are required. The strong aluminium extrusions transfer the load bearing aspects to the floor rather than the wall. This makes it ideal for mounting larger LED touch panels up to 136kg in places where existing walls may not be structurally adequate. Available in fixed height, mechanically adjustable to provide added flexibility. A central laptop tray and webcam mount are included as standard. Other options include a TouchBoard SoundBar. (Stand only, screen not included)

Order Code: TBMS-WALL-DUAL

- ✓ Available in fixed height, mechanically adjustable
- ✓ Designed sturdy and robust and able to handle dual screens up to 136kg
- ✓ Strong aluminium extrusions to transfer the load bearing aspects to the floor
- ✓ Integrated power distribution board with surge protection
- ✓ Designed and developed in Australia with Full Australian Warrant

#### TOUCHBOARD SOUNDBAR

##### Specification

2.1 Ch, 60w sub and 2 x 15w speakers, 3.5mm, USB and Bluetooth connectivity

#### TOUCHBOARD OPS PC

##### Specification

2.1 Ch, 60w sub and 2 x 15w speakers, 3.5mm, USB and Bluetooth connectivity

#### TOUCHBOARD ANDROID

##### Specification

Amlogic S812, 64bit CPU, 2Gb DDR Ram, 16Gb Flash Ram, Android 5.1

### KINDY TROLLEY

The Kindy Trolley is designed to enhance Early Years learning. A 55" or 65" interactive panel can be securely mounted to the kindy trolley low enough for even the youngest of users.

The Kindy Trolley includes a fold down laptop shelf and four removable storage draws to make play and pack-up easy and convenient. A whiteboard is mounted on to the back side of the trolley allowing for added flexibility. (Stand only, screen not included)

- ✓ Designed sturdy and robust for 55" – 65" screen sizes
- ✓ Mobile feature to easily move between areas
- ✓ Low in height designed for Early Years
- ✓ Integrated power distribution board with surge protection
- ✓ Includes whiteboard and removable draws
- ✓ Included Leg Brackets used to mount touch panel to trolley

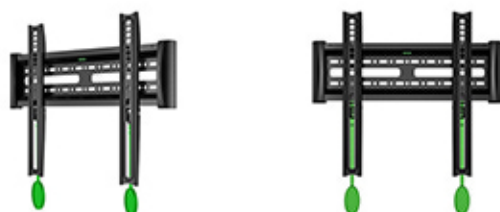

#### FIXED TV MOUNT: TB-NBC1-F

##### Specification

- Fixed mount
- Fits most 32"-55" flat panel display
- VESA: 75\*75, 100\*100, 200\*100, 200\*200, 400\*200, 400\*400mm.
- Tilt: 0°
- Load capacity: 125lbs(56.8kg)
- Material: SPCC with black powder coating

#### FIXED TV MOUNT: TB-NBC2-F

##### Specification

- Fixed mount
- Fits most 40"-65" flat panel display
- VESA: 75\*75, 100\*100, 200\*100, 200\*200, 400\*200, 400\*400, 600\*400mm.
- Tilt: 0°
- Load capacity: 150lbs(68.2kg)
- Material: SPCC with black powder coating

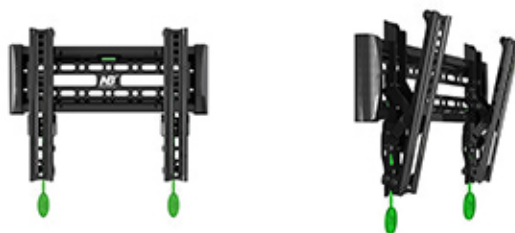

#### FIXED TV MOUNT: TB-NBC3-F

##### Specification

- Fixed mount
- Fits most 40"-65" flat panel display
- VESA: 75\*75, 100\*100, 200\*100, 200\*200, 400\*200, 400\*400, 600\*400mm
- Tilt: 0°
- Load capacity: 150lbs(68.2kg)
- Material: SPCC with black powder coating

#### TILT TV MOUNT: TB-NBC1-T

##### Specification

- Tilt mount
- Fits most 17"-37" flat panel display
- VESA: 75\*75mm, 100\*100mm, 200\*100mm, 200\*200mm
- Tilt: 0°~ +15°
- Load capacity: 40lbs(18.2kg)
- Material: SPCC with black powder coating

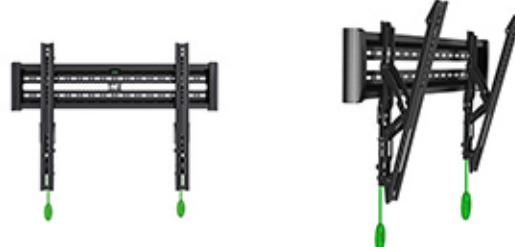

#### TILT TV MOUNT: TB-NBC2-T

##### Specification

- Tilt mount
- Fits most 32"-55" flat panel display
- VESA: 75\*75mm, 100\*100mm, 200\*100mm, 200\*200, 400\*400mm
- Tilt: 0°~ +12°
- Load capacity: 80lbs(36.4kg)
- Material: SPCC with black powder coating

#### TILT TV MOUNT: TB-NBC3-T

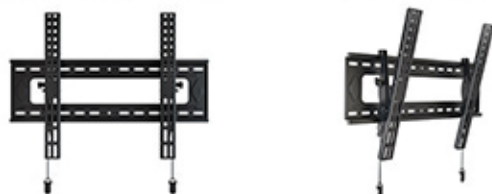

##### Specification

- Tilt mount
- Fits most 40"-65" flat panel display
- VESA: 75\*75mm, 100\*100mm, 200\*100mm, 200\*200, 400\*400, 600\*400mm
- Tilt: 0°~ +12°
- Load capacity: 80lbs(36.4kg)
- Material: SPCC with black powder coating

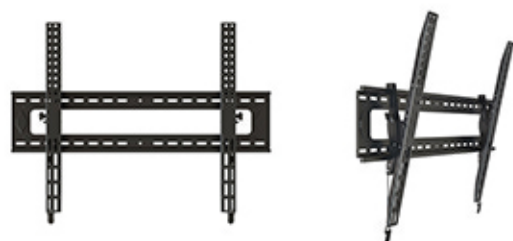

### LARGE SIZE SCREEN TV MOUNT: TB-D70-T Specification

- Tilt mount for large size screen
- Fits most 50"-70" flat panel display
- VESA: 200\*200, 400\*400, 600\*400mm
- Tilt: -5°~ +15°
- Load capacity: 150lbs(68.2kg)
- Material: SPCC with black powder coating

### LARGE SIZE SCREEN MOUNT: TB-D90-T

#### Specification

- Tilt mount for large size screen
- Fits most 70"-90" flat panel display
- VESA: 200\*200, 400\*400, 600\*400, 600\*600, 800\*600mm
- Tilt: -5°~ +12°
- Load capacity: 200lbs(90.9kg)
- Material: SPCC with black powder coating

### CANTILEVER TV MOUNT: TB-P4

#### Specification

- Full-motion mount
- Fits most 32"-47" flat panel display
- VESA: 100\*100, 200\*100, 200\*200, 400\*200, 400\*400mm.
- Tilt: +8°~-5°
- Load capacity: 60lbs(27.3kg)
- Material: SPCC with black powder coating

### CANTILEVER TV MOUNT: TB-P5

#### Specification

- Full-motion mount
- Fits most 32"-55" flat panel display
- VESA: 100\*100, 200\*100, 200\*200, 400\*200, 400\*400mm.
- Tilt: +10°~-2°
- Load capacity: 80lbs(36.4kg)
- Material: SPCC with black powder coating

### CANTILEVER TV MOUNT: TB-P6

#### Specification

- Full-motion mount
- Fits most 40"-70" flat panel display
- VESA: 200\*200, 400\*200, 400\*400, 600\*400mm.
- Tilt: +8°~-5°
- Load capacity: 100lbs(45.5kg)
- Material: SPCC with black powder coating

### Did you know ?

NB is a specialist manufacturer of AV peripheral integrated equipment with solutions including flat panel display TV mounts, including fixed mount, tilt mount, full-motion mount, TV Ceiling mounts, TV carts and Projector ceiling mounts.

TouchBoard Australia distribute the full range of NB products across Australia.

#### GAS STRUT DESKTOP MOUNT: TB-F80

##### Specification

- Fits most 17" to 27" displays
- Support load from 4.4 to 14.3 lbs (2-6.5 kg).
- VESA: 75x75, 100x100 mm
- Upright lift distance 9.8" (250mm)
- Rotation 360°, Swivel 180°+
- Tilt angle +35° to -50°
- Color : Anodized black

#### GAS STRUT DESKTOP MOUNT: TB-F100

##### Specification

- Fits most 17" to 27" displays
- Support load from 4.4 to 14.3 lbs. (2-6.5 kg).
- VESA compliant 75x75, 100x100 mm
- Upright lift distance 7.8" (200mm)
- Rotation 360°, Swivel 180°+
- Tilt angle +35° to -50°
- Color : Polished chrome

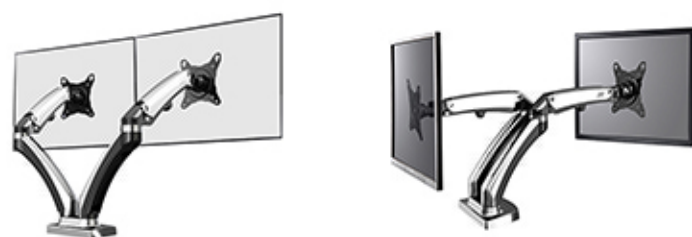

#### GAS STRUT DESKTOP DUAL MONITOR: TB-F160

##### Specification

- Fits most 17" to 27" displays
- Support load from 4.4 to 14.3 lbs. (2-6.5 kg).
- VESA compliant 75x75, 100x100 mm
- Upright lift distance: 9.8" (250mm)
- Rotation 360°, Swivel 180°+
- Tilt angle +35° to -50°
- Color : Anodized black

#### GAS STRUT DESKTOP DUAL MONITOR: TB-F180

##### Specification

- Fits most 17" to 27" displays
- Support load from 4.4 to 14.3 lbs (2-6.5 kg).
- VESA compliant 75x75, 100x100 mm
- Upright lift distance: 8.1" (205mm)
- Rotation 360°, Swivel 180°+
- Tilt angle +30° to -50°
- Color : Polished chrome

#### GAS STRUT MONITOR MOUNT: TB-F120

##### Specification

- Fits most 17" to 27" displays
- Support load from 5.5 to 15.4lbs (2.5-7kg)
- VESA compliant 75x75, 100x100mm
- Upright lift distance 6.1" (155mm)
- Rotation 360°, Swivel 180°+
- Tilt angle +35° to -50°
- Color : Polished chrome and anodized black

#### GAS STRUT MONITOR MOUNT: TB-F150

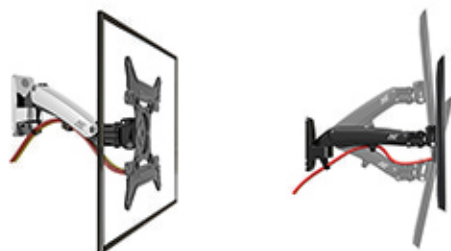

##### Specification

- Fits most 17"-27" flat panel displays
- Support max weight 4.4-15 lbs. (2-7kg)
- VESA: 75x75, 100x100mm
- Lift: 6.2" (155mm)
- Rotation: 180°, Tilt: +35° to -50°
- Color: Polished chrome or anodized black

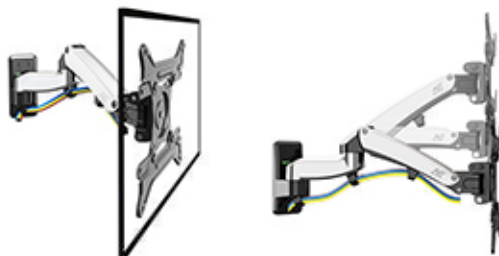

#### GAS-STRUT TV MOUNT: TB-F200

##### Specification

- Fits most 30" to 40" flat panel displays
- Support load from 11 to 22lbs (5-10kg)
- VESA: 75x75, 100x100, 200x100, 200x200 mm
- Upright lift distance 8.3" (210mm)
- Rotation 360°, Swivel angle 180°, Tilt angle +10° to -5°
- Color: Polished chrome or anodized black

#### GAS-STRUT TV MOUNT: TB-F300

##### Specification

- Fits most 30"-40" flat panel displays
- Support max weight 11-22 lbs (5-10kg)
- VESA: 75x75, 100x100, 200x100, 200x200 mm
- Lift: 8.3" (210mm)
- Rotation: 180°, Tilt: +10° to -5°
- Color: Polished Aluminium

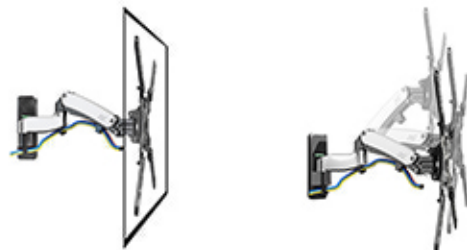

#### GAS STRUT TV MOUNT: TB-F350

##### Specification

- Fits most 40" to 50" flat panel displays
- Support load 17.6 to 35 lbs. (8-16 kg)
- VESA: 100\*100, 200\*100, 200\*200, 400\*200, 400\*400 mm
- Upright lift distance 9.5" (240mm)
- Swivel angles 180°+
- Tilt angle +8° to -7°
- Color: Polished chrome or anodized black

#### GAS STRUT TV MOUNT: TB-F450

##### Specification

- Fits most 40"-50" flat panel displays
- Support load: 17.6-35.2 lbs. (8-16kg)
- VESA: 100\*100, 200\*100, 200\*200, 400\*200, 400\*400 mm
- Upright lift distance: 9.6" (245mm)
- Rotation: +3°~-3°, Tilt angle: +8° to -7°
- Color: Polished Aluminium

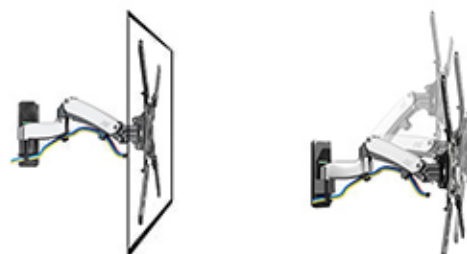

#### GAS STRUT TV MOUNT: TB-F400

##### Specification

- Fits most 50"-60" flat panel displays
- Support load 30.8-50 lbs. (14-23kg)
- VESA compliant 100\*100, 200\*100, 200\*200, 400\*200, 400\*400 mm
- Upright lift distance 10.4" (265mm)
- Swivel angles 180°, Tilt angle +8° to -7°
- Color: Polished chrome or anodized black

#### GAS STRUT TV MOUNT: TB-F500

##### Specification

- Fits most 50"-60" flat panel displays
- Support load: 30.8-50 lbs (14-23kg)
- VESA compliant: 100\*100, 200\*100, 200\*200, 400\*200, 400\*400 mm
- Upright lift distance: 10.4" (265mm)
- Rotation: +3°~-3°, Tilt angle: +8° to -7°
- Color: Polished Aluminium

#### TV CEILING MOUNT : NBT560-15

##### Specification

- Fits most 32-57" Flat Panel LED , LCD TV
- VESA : 100\*100~600\*400mm
- Tilt: -5°~ +15°
- Roll: -30°~+30°
- Load capacity : 150lbs(68.2 kg)
- Material : SPCC
- Surface treatment: Powder painting coating finished.
- Color: Black

#### HEAVY DUTY TV CEILING MOUNT: T3260

##### Specification

- Fits most 32-60"LED, LCD flat Panel TVs.
- VESA : 200x100 ~600x400mm
- Drop length height from 35.4" to 59" (900 to 1500mm)
- Tilt angles: -2°~ +20°
- Horizontal swivel : 360°
- Load capacity : 100lbs (45.5kg)
- Material : Alumium alloy withanodizing finishing
- Color: Black or Sliver

#### HEAVY DUTY TV CEILING MOUNT : T7030

##### Specification

- Fits most 32-70" LED, LCD flat Panel TVs.
- VESA : 200x100 ~600x400mm
- Drop length height from 64.9" to 118.1" (1650 to 3000 mm)
- Tilt angles: -2°~ +20°
- Horizontal swivel : 360°
- Load capacity : 125lbs (56.8kg)
- Material : Alumium alloy withanodizing finishing
- Color: Black or Sliver

#### HEAVY DUTY BACK TO BACK TV CEILING MOUNT : T5520

##### Specification

- Fits most 32-55" LED, LCD Flat Panel TVs.
- VESA : 200x100 ~600x400mm
- Drop length height from 45.2" to 78.7" (1150 to 2000 mm)
- Tilt angles: -2°~ +20°
- Horizontal swivel : 360°
- Load capacity : 125lbs (56.8kg)
- Material : Alumium alloy withanodizing finishing
- Color: Black or Sliver

#### HEAVY DUTY BACK TO BACK TV CEILING MOUNT : T6030

##### Specification

- Fits most 32-60" LED, LCD Flat Panel TVs.
- VESA : 200x100 ~600x400mm
- Drop length height from 64.9" to 118.1" (1650 to 3000 mm)
- Tilt angles: -2°~ +20°
- Horizontal swivel : 360°
- Load capacity : 125lbs (56.8kg)
- Material : Alumium alloy withanodizing finishing
- Color: Black or Sliver

#### STEEL TV MOBILE CART: TB-AVA1500-60-1P

##### Specification

- Designed for 32"-65" flat panel TV
- Weight capacity : 100lbs(45.5kg)
- VESA compliance : 100\*100mm,200\*200mm, 400\*200mm,400\*400mm,600\*400mm
- TV Height adjustment: 1030mm(40.5")~ 1530mm (60.2").
- Color : Black powder coating

#### TV TROLLEY: TB-AVF1500-50-1P

##### Specification

- Designed for 55"-80" flat panel TV
- Weight capacity : 125lbs(56.7kg)
- Tilt angle : 0°
- VESA compliance : 200\*200 mm, 400\*200 mm, 300\*300 mm, 400\*400 mm, 600\*400 mm, 800\*400 mm
- TV Height adjustment: 1350mm (53")~ 1650mm (65").
- Color : Black powder coating

#### TV MOBILE CART: TB-AVF1800-70-1P

##### Specification

- Fits most 40" to 50" flat panel displays
- Support load 17.6 to 35 lbs. (8-16 kg)
