

USB HD PT

TBC-VC-208S CAMERA

HD All in One Conference Camera

FULL UHD 4K VIDEO CALLS/RECORDING

Premium video quality makes more professional meetings. 4k UHD mean your recorded videos are crisp and vibrant coloured.

4 MICROPHONE ARRAY

Built-in 4 noise reducing digital mics provide clear and natural sound recording. Superior stereo audio provides the best video conference experience even in a noisy environment. Pickup voices to a distance of 10 meters

PT CONFERENCE CAMERA

Automatic rotation with voice tracking. Fixed optical focus. CMOS sensor with 8 million pixels. Wide 70° viewing angle. Perfect for webinars and video conferencing or video recording. USB 2.0 plug and play.

CLEAR AUDIO RECORDING

Acoustic Echo Canceller (AEC) and Automatic Noise Suppression (ANS) technology achieve high definition voice communication across any meeting, presentation, or recording.
